ALJURI ALSAIARI

Industrial & Systems Engineering Student
Jeddah, Saudi Arabia | 0535648433 | rose.ksa1111@gmail.com | LinkedIn: linkedin.com/in/aljuri-alsaiari

PROFESSIONAL SUMMARY

Industrial & Systems Engineering student at the University of Jeddah with a 5.00/5.00 GPA and strong interests in innovation, artificial intelligence, and process improvement. Experienced in volunteer coordination, workshop facilitation, student leadership, and interdisciplinary collaboration through university and community initiatives.

EDUCATION

Bachelor of Industrial & Systems Engineering | University of Jeddah | Expected Graduation: 2030
GPA: 5.00 / 5.00

PROJECTS

Pink Diagnosis - AI-Assisted Breast Cancer Detection App Concept | Project Lead

- Developed a conceptual mobile application using artificial intelligence to support early breast cancer detection through medical image analysis.
- Conducted research on breast cancer awareness, diagnostic approaches, and ethical AI integration in healthcare.
- Positioned the concept as a supportive diagnostic aid rather than a replacement for professional medical evaluation.

EXPERIENCE

Volunteer Affairs Member | Bashosh Volunteer Team | Jun 2026 - Present

- Coordinated volunteer affairs, documentation, and certificate preparation within the Volunteer Affairs Department.
- Supported communication between volunteers and the management team and contributed to volunteer engagement processes.
- Recognized as the Most Active Administrative Member for outstanding dedication and contribution.

Workshops Committee Member & Workshop Facilitator | LOBK | 2026 - Present

- Planned educational and professional development workshops and facilitated a Self-Marketing workshop in April 2026.

Oracle Student Ambassador - Team Leader | University of Jeddah | 2026

- Led awareness efforts for Oracle's Future Program and coordinated promotional activities to engage students.

Presenter - Job Interview Skills | University of Jeddah | 2026

- Delivered a presentation on interview preparation, common interview questions, and professional communication techniques.
